Web Development and SEO Company Join Efforts to Provide Excellence in Web Services

Bit Studios is a Chicago web design company, that specializes in interactive web development, and complex web applications using powerful .NET framework. They have been in the software industry since 1990 and have accumulated a wealth of experience and hundreds of happy customers worldwide. After opening a Washington DC web design department, the company decided to branch out even more this time covering comprehensive search engine marketing services. For this purpose they have recently partnered with Seologist LLC, a Toronto SEO company with over 5 years of experience in providing top-notch Internet marketing services. Seologist's 3 pillars are fanatical commitment to what they, diligent and ongoing R&D do and 100% customer satisfaction guarantee.

Bit Studios and Seologist have teamed up to signed a number of major clients such as National Heritage Academies (owner of over 50 chartered academies across the United States) or Lack Cancer Center in Grand Rapids, Michigan. The new partnership is set to take the Chicago market by storm in 2008.
